

Largs Academy

OCTOBER 2023 NEWSLETTER

Welcome to our new monthly newsletter where we will share a small selection of the great things that are happening at Largs Academy...

Last week, we received the amazing news that we are now a Silver accredited UNICEF Rights Respecting School. The assessor was particularly impressed with the high quality relationships between staff and pupils.

Later this week, we will continue our focus on being more globally aware with our annual staff and S6 pupil 5km walk or run along the Largs promenade for Mary's Meals.

Senior Prize Giving

In early September we celebrated amazing academic achievement and efforts at our Senior Phase Prize Giving. Thank you to our guest speaker - ex-pupil Rebecca Colquhoun - who shared her career journey with us. Lastly, a huge well done to Declan Guy and Isla Archbold - our joint Dux prizewinners!

Extra-Curricular Fayre

We have now officially launched our extra-curricular programme for session 23/24 with over 30 weekly clubs ranging from Dance to Gardening to STEM to Film and many more. There are clubs for all ages and interests - the full list has been emailed to all parents and carers.

Get involved!

Library Partnership

Our new librarian - Mr Dunlop - has been busy at Largs Academy. His pupil library curators recently met with Dr Linda Grieve of the Largs & District Historical Society and Museum who gifted us a full set of Encyclopedia Britannica from 1898. We will use these alongside our new subscription to Britannica online to support learning in the school.
